ASSIGNMENT-5

5. What is Accordion in Bootstrap? Study and create an example with it?

➢ A Bootstrap accordion is a vertically stacked list of items that can be toggled. It is like a collapse but uses the card component.

➢ The .accordion class: This class is used to create an accordion.

➢ Add the **.accordion** class as a wrapper to create an accordion. It extends the default collapsible behavior.

➢ **CODE**:

```html
<!DOCTYPE html>
<html lang="en">
<head>
    <link rel="stylesheet"
href="https://cdn.jsdelivr.net/npm/bootstrap@4.5.3/dist/css/bootstrap.min.css">
</head>
<body>
    <div class="container mt-3">

        <div class="accordion" id="example">

            <div class="card bg-info">
                <div class="card-header">
                    <a class="text-light" data-toggle="collapse"
href="#item1">
                        Great Pyramid of Giza ↓
                    </a>
                </div>
                <div id="item1" class="collapse show" data-
parent="#example">
                    <div class="card-body">
                        9 WONDERS OF WORLD
                    </div>
                </div>
            </div>

            <div class="card bg-primary">
                <div class="card-header">
                    <a class="text-light" data-toggle="collapse"
href="#item2">
                        Great wall of China ↓
                    </a>
```

```html
                </div>
                <div id="item2" class="collapse" data-parent="#example">
                    <div class="card-body">
                        9 WONDERS OF WORLD
                    </div>
                </div>
            </div>

            <div class="card bg-light">
                <div class="card-header">
                <a class="text-dark" data-toggle="collapse" href="#item3">
                    Taj Mahal ↓
                </a>
                </div>
                <div id="item3" class="collapse" data-parent="#example">
                    <div class="card-body">
                        9 WONDERS OF WORLD
                    </div>
                </div>
            </div>

            <div class="card bg-secondary">
                <div class="card-header">
                    <a class="text-dark" data-toggle="collapse"
    href="#item4">
                        Hanging Gardens of Babylon ↓
                    </a>
                </div>
                <div id="item4" class="collapse" data-parent="#example">
                    <div class="card-body">
                        9 WONDERS OF WORLD
                    </div>
                </div>
            </div>

            <div class="card bg-dark">
                <div class="card-header">
                    <a class="text-light" data-toggle="collapse"
